

## Post Fittings

Post fittings ensure that the stair rope hangs evenly and does not slip when used for support. We advise you to take the rope diameter 2mm smaller than the diameter of the post fitting.

### **Ball post fitting**

<i>Material</i>	<i>Inside diameter</i>	<i>Cross section plate</i>	<i>Buying unit</i>	<i>Article number</i>
Polished brass	25 mm	48 mm	6 pieces	A.36.00.87.25
